

StediBeam® 200 W 1064 nm Isolator

Rev 11

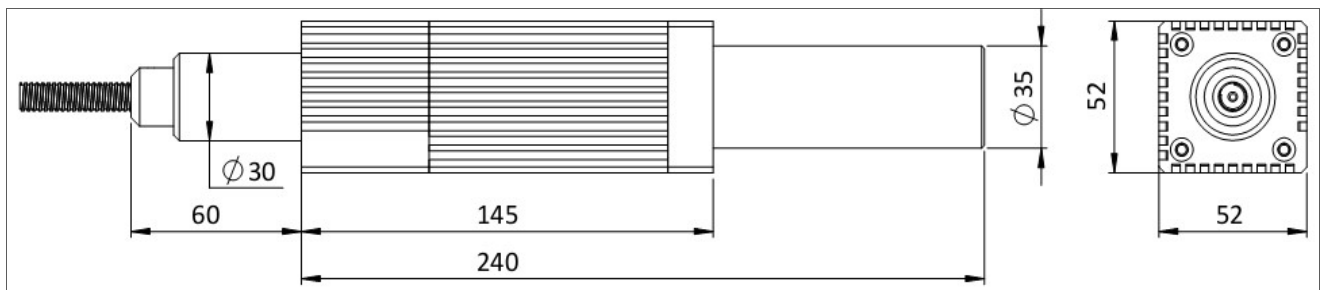

Descriptions

AFR's StediBeam® are the best Isolators designed for high power pulse fiber lasers. Two versions of design are compatible to lasers of 100 W and 200 W, respectively. With multiple patented technologies, the StediBeam® delivers unparalleled performance of aberration-free and thermal lensing-free beam quality at any output power level. It also provides high isolation to reflection coming from all spatial angles.
